Goodbye symposium for Jeroen Boomgaard

Image not found or type unknown

Jeroen Boomgaard has led LAPS for 19 years of its existence and has established a strong foundation for artistic research at the Gerrit Rietveld Academie and Sandberg Instituut. For over 19 years he has facilitated and strengthened countless relationships between (international) educational institutions, artists, researchers, commissioners and developers, operating in the realms of artistic research and art in public space. For his goodbye, we want to organize a festive symposium. For this, we hope you can save the date for Thursday 13 October 2022. The programme will be starting 13:30h at the Gerrit Rietveld Academie.

More details about the programme and RSVP will follow in September 2022.
